(54) BAR CODE SEAL, BAR CODE READING TOY AND REGISTER TOY

(57)Abstract:

PURPOSE: To present the register toy which can easily read a bar code even in the case of shifting the position a little and can make a bar code seal color ful.

CONSTITUTION: A bar code reader 26 reads merchandise information described at a bar code seal 40 having a color area 44 and a bar code area 42. On the read face of the bar code reader 26, a color sensor 33 is provided to detect the color of the color area 44 in the bar code seal 40, bar code sensors 30-32 are provided to detect the gradation pattern of the bar code area 42, and an adjacent sensor 34 is provided to detect that reading is enabled.

LEGAL STATUS

[Date of request for examination]

[Date of sending the examiner's decision of rejection]

[Kind of final disposal of application other than the examiner's decision of rejection or application converted registration]

[Date of final disposal for application]

[Patent number]

[Date of registration]

[Number of appeal against examiner's decision of rejection]

[Date of requesting appeal against examiner's

decision of rejection]

[Date of extinction of right]
